We are happy to provide a kitten package that helps keep you and your new kitten safe. By purchasing a total health care package, we are able to offer special discounted prices on all services provided in our kitten package.

Kitten Package \$330

This kitten package is for kitten's younger than 12 months and includes:

1. Total health examination
2. FVRCP Vaccines (series of 3)
3. FeLV/FIV test
4. FeLV Vaccines (series of 2)
5. Rabies Vaccine (given at 4 months or older)
6. Fecal
7. First month of Flea Prevention

This package does NOT include spay or neuter

Add on a Microchip for \$96

I understand, this package must be completed within a year. If it is not completed within a year the package becomes void. This package is nonrefundable and non-transferable. If vaccine dates are overdue and vaccines need to be restarted, you will be responsible for paying for the extra vaccines.
